

# Districts in Year Three of Program Improvement: Ranked on AYP Targets Met

The State Board of Education announced on January 31, 2008 this set of data about the 97 districts in Year 3 of Program Improvement. We have ranked those districts on the percent of AYP targets met.

| RANKED BY AYP TARGETS MET | DISTRICT NAME                  | AYP TARGETS MET | AYP TARGETS POSSIBLE | PERCENT AYP TARGETS MET |
|---------------------------|--------------------------------|-----------------|----------------------|-------------------------|
| 1                         | Arvin Union Elementary         | -               | 10                   | 0%                      |
| 2                         | Greenfield Union Elementary    | -               | 10                   | 0%                      |
| 3                         | Ravenswood City Elementary     | 2               | 15                   | 13%                     |
| 4                         | West Fresno Elementary         | 2               | 12                   | 17%                     |
| 5                         | Keppel Union Elementary        | 6               | 14                   | 43%                     |
| 6                         | Del Paso Heights Elementary    | 7               | 16                   | 44%                     |
| 7                         | Reef-Sunset Unified            | 4               | 9                    | 44%                     |
| 8                         | Orange Co. Office of Education | 6               | 13                   | 46%                     |
| 9                         | Earlimart Elementary           | 4               | 8                    | 50%                     |
| 10                        | Fairfax Elementary             | 6               | 12                   | 50%                     |
| 11                        | Vineland Elementary            | 4               | 8                    | 50%                     |
| 12                        | Coachella Valley Unified       | 7               | 13                   | 54%                     |
| 13                        | Richland Union Elementary      | 7               | 12                   | 58%                     |
| 14                        | Wasco Union Elementary         | 7               | 12                   | 58%                     |
| 15                        | Healdsburg Unified             | 8               | 13                   | 62%                     |
| 16                        | King City Union Elementary     | 8               | 12                   | 67%                     |
| 17                        | Pajaro Valley Unified School   | 10              | 15                   | 67%                     |
| 18                        | Sonoma Valley Unified          | 9               | 13                   | 69%                     |
| 19                        | San Bernardino City Unified    | 16              | 23                   | 70%                     |
| 20                        | Bakersfield City Elementary    | 14              | 20                   | 70%                     |
| 21                        | Perris Elementary              | 10              | 14                   | 71%                     |
| 22                        | Rio Elementary                 | 10              | 14                   | 71%                     |
| 23                        | Lancaster Elementary           | 13              | 18                   | 72%                     |
| 24                        | Palmdale Elementary            | 13              | 18                   | 72%                     |
| 25                        | McFarland Unified              | 8               | 11                   | 73%                     |
| 26                        | Salinas City Elementary        | 12              | 16                   | 75%                     |
| 27                        | Taft City Elementary           | 9               | 12                   | 75%                     |
| 28                        | Kern Union High                | 13              | 17                   | 76%                     |

**Eight of the 97 districts on this list met less than half of their targets for Adequate Yearly Progress.**

**Eighty-one of the 97 districts met two-thirds or more of their targets.**
